

## **CEGEDIM LOGICIELS MÉDICAUX IS AT THE HEART OF INNOVATION WITH CARDIOLITE V6, A SOFTWARE DEDICATED TO CARDIOLOGISTS**

**Cardiolite**

**Presentation on October 19th-21th 2006 at  
the Collège National des Cardiologues  
Français' (CNCF) convention - Cité des  
Congrès de Nantes - Stand no. 26**

**Paris, 16 October 2006** – Cegedim Logiciels Médicaux (CLM), software publisher and service provider to the medical profession, will unveil the 6th version of its Cardiolite cardiology software at the Collège National des Cardiologues Français' (CNCF) 18th annual convention.

### **Cardiolite, the software for cardiologists**

CLM is particularly attuned to the needs of general practitioners and healthcare specialists, and it closely monitors regulatory and technological trends. CLM offers a wide range of medical software and related services that are tailored to each type of practice.

With Cardiolite 6, CLM now offers a comprehensive, adaptable solution that perfectly matches cardiologists' specific needs:

- Uses proper cardiology terminology and classifications
- Includes examination forms and score calculation
- Compatible with the market's main electrocardiograms
- Allows users to create medical evaluation forms
- Professional practice evaluation (PPE) and compliance with good practice
- Assistance in prevention and drug prescription, helping to fight iatrogenesis (Banque Claude Bernard drug database)
- Structured patient file
- Data exchange and compatibility with the French Personal Medical File (DMP)

At the CNCF convention, CLM's stand (no. 26) will give cardiologists a chance to discover Cardiolite's new features and attend presentations, notably on data exchange and the DMP. The event will also be an opportunity for cardiologists to meet CLM's technical teams and training staff, as well as other Cardiolite users.

**IT workshops:** CLM is a partner of the CNCF's IT workshops and will run the **"Cardiolite: introduction and implementation"** workshop throughout the convention, i.e. on October 19th, 20th and the morning of the 21st 2006 in Room K, level 4.

- **3-6 December 2006: the 19th Congrès Français de Rhumatologie** at the CNIT Paris La Défense. For more information: [www.rhumatologie.asso.fr](http://www.rhumatologie.asso.fr)

#### **About CEGEDIM LOGICIELS MEDICAUX (CLM):**

CLM is a subsidiary of France's CEGEDIM Group, a leader in medical IT, and offers a broad range of software and services for healthcare professionals. Its Crossway and MédiClick! software products are designed to meet doctors' needs while incorporating the most advanced technical and regulatory requirements. Structured, communicative and scalable, they anticipate the main principles of the French Personal Medical File (DMP).

Cegedim Logiciels Médicaux offers solutions for both specialists and general practitioners, private practices, clinics, healthcare centers and networks.

CLM is a major player in Europe, and its products are run on more than 35,000 workstations.

Cegedim Logiciels Médicaux is part of CEGEDIM Group's Healthcare and strategic data division. For more information: [www.cegedim-logiciels.com](http://www.cegedim-logiciels.com)

#### **About CEGEDIM:**

CEGEDIM develops exclusive databases and high value added software solutions. Its expertise falls into two divisions. The "Healthcare and strategic data" division comprises services specifically designed for pharmaceutical companies, healthcare professionals and health insurance providers. The "Technologies and services" division covers a variety of sectors.

Established as the European leader in its historic core business, CEGEDIM provides the world's largest pharmaceutical companies with vital support for successful CRM (Customer Relationship Management) and helps measure sales & marketing effectiveness. CEGEDIM's CRM tools, backed by the Group's powerful strategic databases, also provide its clients with a clearer picture of their markets and targets, optimizing both strategies and return on investment.

Founded in 1969, and the only European company operating globally in this market, CEGEDIM employs 4,700 people and generated turnover of €501 million in 2005 in over 60 countries.
